4: The sentences below make a short story, but they are mixed up. Put them in the correct order from 1 to 4.

- Finally, they found a small, old map behind a wooden desk in the room.
- Then, they walked into a dark bedroom with three big windows.
- First, Sam and his tall friend Lucas entered the old, abandoned house.
- Next, they counted twenty-two steps on the stairs to go to the second floor.

5: Read the short story and answer the questions below.
The Magic Forest

The Magic Forest

Once upon a time, in a small town near Medellín, lived a girl named Camila. She was twelve years old. Camila was short and had long, curly hair.

One sunny afternoon, she walked into the forest behind her house. After walking for forty minutes, she saw a strange tree. The tree had thirteen golden apples. Suddenly, a small elf appeared. He was very short, had straight green hair, and big blue eyes.

The elf said, "If you count the apples correctly, you can take one home." Camila counted them out loud: "One, two, three... thirteen!" The elf smiled and gave her a golden apple. Camila ran home happily to tell her parents.

- How old is Camila?

- A. 10 years old
- B. 12 years old
- C. 13 years old

- What does Camila look like?

- A. She is tall with straight hair.
- B. She is short with long, curly hair.
- C. She is bald with green hair.

- Write the two numbers from the story that are higher than 10:

_____ and _____

- Describe the elf's hair based on the text:

He has _____ hair.

- According to the text descriptions about Camila's appearance, draw Camila please.
