### ¿QUÉ VOY A APRENDER?

#### STAYING HEALTHY (MANTENERSE SALUDABLE) THEME N° 3

#### QUERIDA ESTUDIANTE:

A continuación, encontrarás algunos conceptos básicos sobre los temas acerca de los alimentos saludables, las actividades de rutina, los adverbios de frecuencia y cuantificadores para la construcción de oraciones sencillas en presente simple.

Este tema es muy práctico para preguntarnos qué tipo de alimentos consumimos y con qué frecuencia los llevamos nuestra mesa. Es supremamente importante la alimentación para mantener nuestro cuerpo sano y con suficientes defensas para contrarrestar la epidemia que aún nos aqueja y que nuestro sistema inmunológico tenga los mecanismos suficientes para defenderse en caso de que sea atacado por alguno de los virus que hay en el medio ambiente. Te invito a ver el siguiente video sobre el tema: <https://www.youtube.com/watch?v=RE5twaveVak> (4:17 minutos)

### ¿QUÉ ESTOY APRENDIENDO?

#### GOOD FOR YOU:

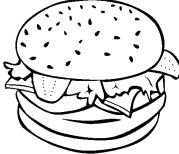

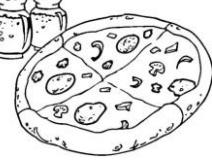

Observemos y recordemos algunas actividades de rutina que son hábitos saludables a través de éste cuadro:

sleep ten hours	drink water	eat healthy food	brush your teeth
			

do exercise 	eat vegetables 	eat fruits 	be happy and fun. 
--	---	--	--

**BAD FOR YOU:**

No obstante, y para el infortunio de nuestro cuerpo, también tenemos algunos hábitos rutinarios que son tan saludables para nuestro organismo. Recordemos algunos de los muchos que hacen o hacemos diariamente.

eat junk food 	eat pizza 	smoke 	eat snacks 
eat a lot of sugar 	eat candies 	go to bed very late at night. 	watch a lot of T.V 

Ahora identifiquemos los **adverbios de frecuencia** y recordemos los que hemos aprendido durante el periodo anterior.

<b>once a week</b> Una vez a la semana	<b>twice a week</b> Dos veces a la semana	<b>three times a week</b> Tres veces a la semana	<b>every day</b> todos los días.
<b>always</b> siempre	<b>usually</b> usualmente	<b>sometimes</b> Algunas veces	<b>never</b> Nunca

**¡APLICO LO QUE APRENDÍ!****ACTIVITIES**
