Esta secuencia nace como estrategia para mitigar la emergencia educativa que se presenta a nivel general en el mudo y por su puesto en Colombia por el COVID 19. Esta secuencia es la planteada con la diferencia que las actividades tienen mayor apoyo en las herramientas virtuales ayuden a ampliar la explicación de temáticas al estudiante y le permiten la práctica y afianzamiento de las mismas.

Las actividades están pensadas para 3 horas semanales, 1 por semana. Si el estudiante tiene alguna inquietud puede contactar al docente a través del correo institucional yarleymurillo@iehectorabadgomes.edu.co en el cual estará disponible de 6:15 a 12:15 y si es necesario se establecerá en acuerdo con el estudiante otro tipo de contacto. 4. Reading comprehension: the students read the text and answer the questions:

My future

A few years ago when I was in 8th grade, I worried a lot about my future. Every day, I thought 'What am I going to do when I leave school?'. I didn't feel excited about the future - I just

felt very scared. One reason was that at that time I found school difficult. I usually studied hard and listened in class (well, I thought so), but my teachers never seemed to be very happy with my work - or with me. When I think back to those times now, I remember that sometimes I didn't concentrate very well and I also handed in work too late. This went on for most of the year, but then near the end

of the year something happened. I suddenly knew what my dream job was. I love animals and I decided that I wanted to become a vet! To do that I had to go to a good university. And to go to a good university, I had to get good marks and do well in my exams.

From 9th grade onwards, I worked very hard every day in class. I studied for hours at home and my parents even told me to work less! At the end of that year, I won a prize for my good marks. My family were so proud of me and I felt great. But then, I started to worry again. I thought 'What will happen if I don't get good results next year?' and 'If I didn't go to university, what would I do?'. Everyone told me that I just had to do my best and to stop worrying. So that's exactly what I did!

I often think back to 8th grade when I was so scared. Now I feel much more confident and I'm looking forward to the future!

- a) Why did her teacher never seem to be very happy with her work?
- b) When was Anna worried about her future?
- c) Why did her parents talk her about working less?
- d) Why did she win a prize?
- e) What are the Anna's fear?
